

# ADVOCATIA

---

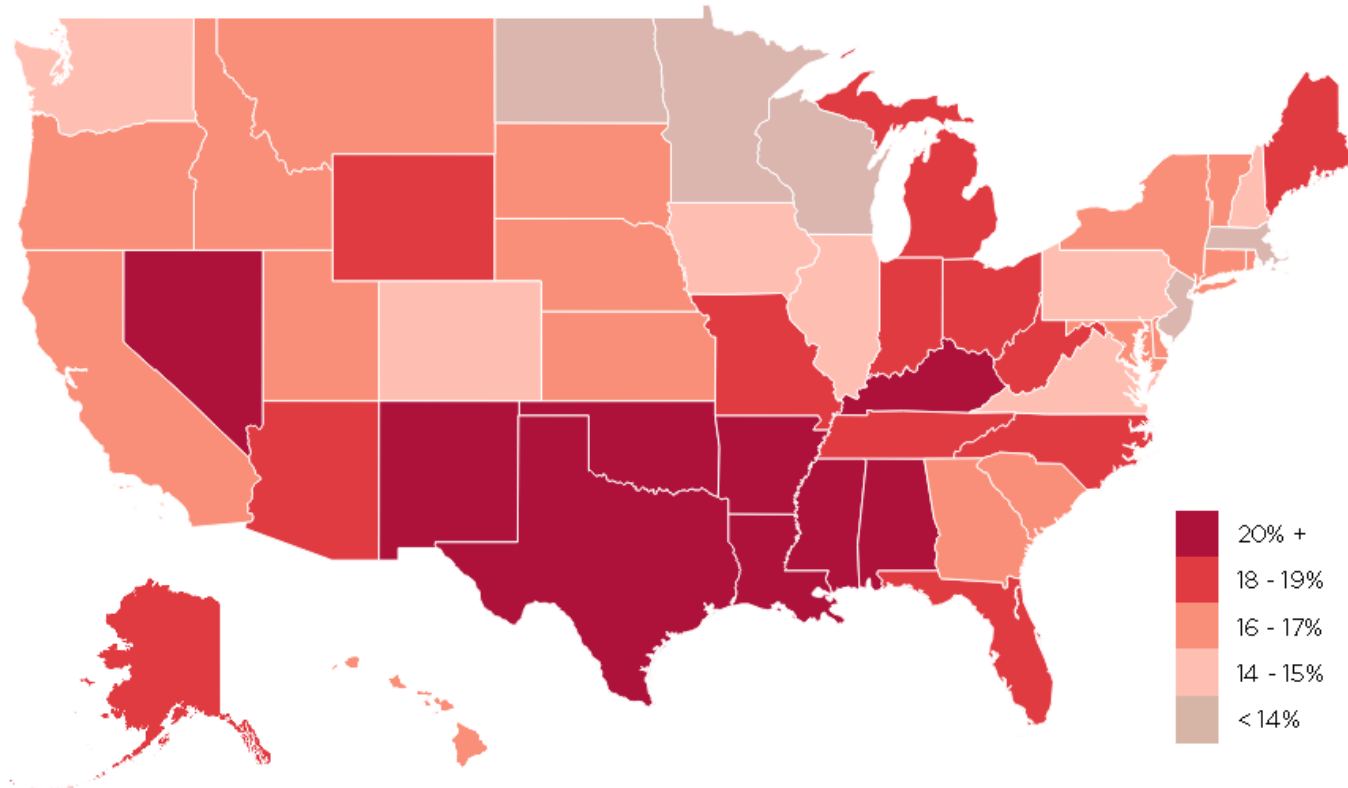

We deliver the confidence that every individual is connected to the resources and programs they are qualified for, providing the freedom to access the care and services they need.

Prior to Covid-19 Crisis...

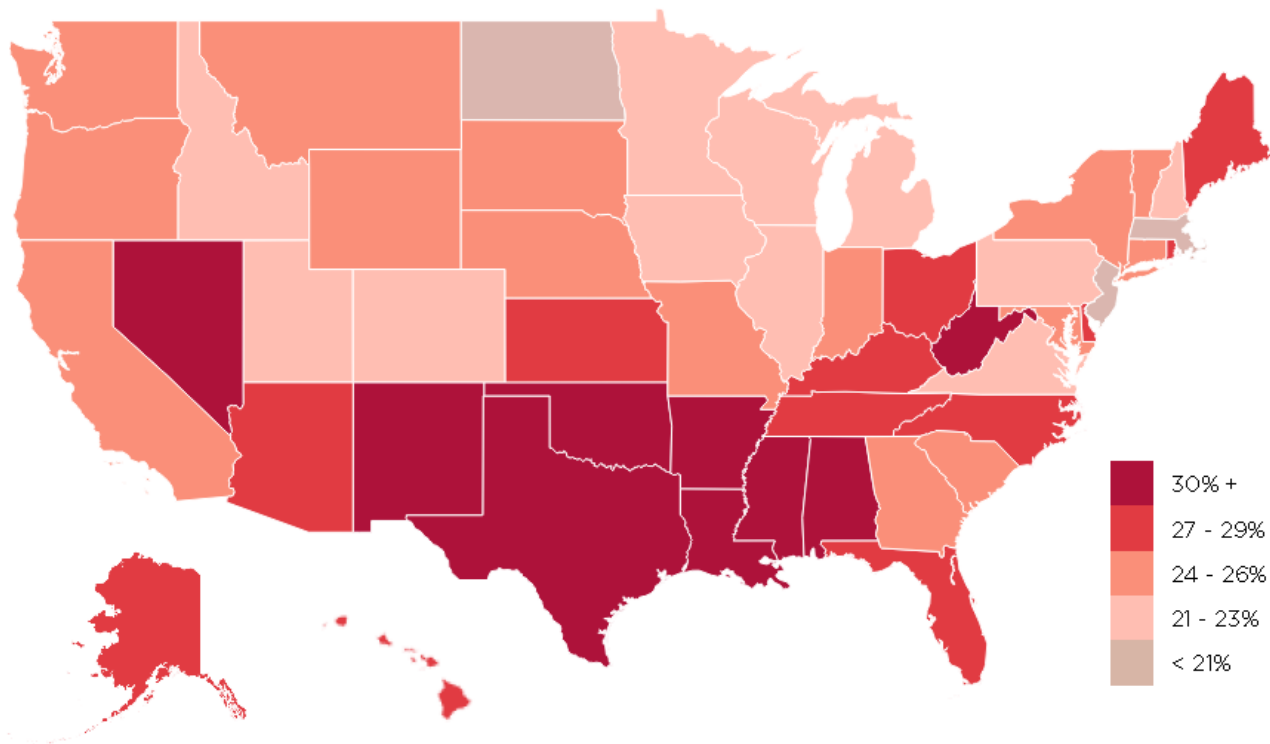

More than **35 Million** people, including more than **11 million children**, lived in a food insecure household.

Engage. Connect. Empower.

We believe that organizations excel when their *people*, their *patients*, and their *communities* are empowered with the resources they need to succeed.

Engage. Connect. Empower.

**Our technology accelerates workflow and facilitates alignment of individuals with the appropriate resources.**

We identify and enroll individuals in the right program, right away

---

We help maximize the good entitlement programs do by ensuring those who are eligible receive them.

---

We serve the most vulnerable populations by connecting them with the resources they are entitled to and proactively enrolling them.

# Why aren't more people enrolled today?

Increased program complexity & eligibility requirements

Outdated & siloed technology - many processes still depend on mailing letters, phone calls, and submitting faxes

Difficulty connecting conveniently with people, especially in a COVID-19 world

# Empower Your Team

Simplify the screening process by screening for all available programs

Assist more individuals by quickly populating multiple forms, capturing patient signatures, and submitting applications - all electronically

Access the platform from a tablet, desktop, or mobile device to fit your many workflows

## Benefit Screening

*Streamline the screening and enrollment process, increasing coverage*

# Empower Patients

Provide people the option to self-screen for eligibility anywhere and any time

Collect demographic and high-level application info

Embed a self-service option on your website where individuals can submit applications

## Benefit Triage

*Engage people in the process, empowering them to get the benefits they need.*

# Meet People Where They Are

Engage underserved community by using the most familiar communication method

Allow individuals to complete an eligibility screening at any time

Ask people to upload required documents, reducing the need for letters

**Benefit Text**

*Reach more people by providing the engagement method they use to communicate every day*

**“We have a lot of elderly patients who rely on the Financial Assistance programs to get their medications. Without this tool, they’d have to wait several weeks to get their approval through mail.”**

**"This tool has been a game-changer for us..."**

**“One of my FC’s today stated that this has “reduced her anxiety 1000%.”**
